

## **CARRIAGE of PASSENGERS**

In line with the provisions being put in place at the Heliport and on the aircraft, the Company is satisfied that in view of the short duration flight, all available seats in the cabin may be used subject to the following:

- Passengers recommended to wear face covering on entry to Heliport
- Sloane reserves the right to carry out non-invasive temperature screening
- All passengers are requested to follow the guidelines on Social Distancing and hygiene
- Passengers are not to access any carry-on items once they enter the Briefing Room until exiting baggage reclaim
- Same household members seated opposite each other, where practical
- All passengers, unless exempted, to wear face coverings from entry to Briefing Room until exit from baggage reclaim
- All passengers are to sanitise their hands, on entry to Briefing Room and again after flight
- All passengers recommended to wear long sleeves
- On aircraft with less than full loads, a space of one seat between separate households
- Public Health England require that persons who are unable to socially distance may be required to undergo track and trace. The Company may be required to provide details of people who have shared flights with passengers who subsequently are shown to be COVID-19 positive
